

Revolutionary Productivity Tools for Macola

PULSE DASHBOARD

ADVANCED DASHBOARD FOR EXACT MACOLA

PULSE eCOMMERCE

AUTOMATICALLY IMPORTS WEBSITE ORDERS

PULSE UTILITIES

TIME-SAVING SOLUTIONS FOR EXACT MACOLA

PULSE ARCHIVE

SPEEDS PROCESSING BY ARCHIVING OLD DATA

"Pulse Dashboard gives us real-time insight into our most critical business indicators, letting us see trends that might otherwise be missed. What sets Pulse apart is that it pulls data directly from our ERP database, but lets any employee easily analyse, format, display and print the results customized for our business."

PULSE **DASHBOARD**

ADVANCED DASHBOARD FOR EXACT MACOLA

PULSE Dashboard & Reporting Software digs deep into your Macola database to pinpoint opportunities to reduce backlogs, optimize inventory, reduce costs and increase your profits.

EIGHT SPECIALIZED DEPARTMENT MODULES AVAILABLE

These modules provide specialized dashboards and built-in reports designed for the exact needs and responsibilities of each department:

- ▶ Executive
- ▶ Financial Control
- ▶ Sales and Marketing
- ▶ Customer Service / Shipping
- ▶ Inventory
- ▶ Purchasing
- ▶ Production Control
- ▶ MRP/Material Requirements

SEVEN POWERFUL ADVANCED MODULES AVAILABLE

These modules add specialized capabilities to your Macola system

- ▶ **Recalculate Inventory ABC Classes**
Focus your attention on your 'A' items
- ▶ **Purchase Order Generator**
Eliminates manual keying of purchase orders
- ▶ **Automatically Recalculate Reorder & Order Up To Levels, Safety Stock and Vendor Lead Times (new)**
- ▶ **Retail Point of Sale (POS) Analytics**
- ▶ **Demand Planning**
Align vendor purchases with your sales forecast to ensure correct inventory levels and on-time customer shipping
- ▶ **Lot & Serial No. Traceability/Recall Tracking**
Comprehensive supply-chain tracking of lot and serial numbers for food, product and ISO compliance
- ▶ **Designer**
Link to non-Macola databases & custom SQL queries

PULSE **ARCHIVE**

SPEEDS PROCESSING BY ARCHIVING OLD DATA

PULSE Archive utility speeds up your Macola processing by archiving unneeded data. After you establish a retention policy for your major Macola data files, Archive automatically removes unneeded data and moves it to your archive database. No data is ever deleted, and archived data can be accessed at any time into the future using standard Macola screens and reports.

PULSE **eCOMMERCE**

AUTOMATICALLY IMPORTS WEBSITE ORDERS

PULSE eCommerce software eliminates manual re-keying of customer orders by importing them directly from your web site, web-based EDI service, or spreadsheets. After shipping, it updates your web site with tracking numbers or creates advanced shipping notices (ASN) for improved customer service.

PULSE **UTILITIES**
